

# Got a Cat?

You can help us study cat behavior, and earn **\$40** for participating!

You will be asked to fill out a questionnaire about your cat's behavior, your cat will be temperament tested, and we will play a game with your cat. In your home.

Cats must be neutered and healthy males, ages 4 and up. Participants must be 18 and over.

**Outgoing, shy, and moody cats all welcome!**

For more information, contact  
**Dr. Forzano's lab**
